## **Radio Interview with Louix**

On October 25<sup>th</sup> at 12:00 p.m., Louix was interviewed on Healthful Living's radio show "Reality Sandwich," a San Francisco community-sponsored radio station (89.5 FM) which also aired over the Internet. The show brings depth, insight, and fun to holistic health and healing practices. In this program Louix shares His ageless wisdom about living in the fullness of life and about the journey to Enlightenment.

## **UPCOMING EVENTS**

### **Global Clean-up Project**

Did you know that every year an estimated 7 billion tons of rubbish enters the world's oceans? Much of this trash starts as street litter that washes into storm drains and is eventually deposited in the oceans. We can make a difference by always putting our waste into bins, reducing the amount of waste we create, and by helping to clean-up the trash our communities leave on the streets.

Join one of our *Global Clean-up Project* trash collections this month, or organize a collection in your own community and (as Ghandi said) "Be the change you want to see in others":

#### **Australia**

Malvern East, Melbourne:

25 November, 10:00 a.m. - 12:00 p.m.

#### **New Zealand**

Hamilton and Raglan

19 November, times vary

For more information about these community collections, please contact the *Global Clean-up Project* coordinators as listed at <http://www.Louix.org/calendar10-Page1.html>

*Reminder: It is highly recommended that people dump the contents of this collected rubbish (and recyclable rubbish), allowing for the plastic bags used to collect the rubbish to be recycled, too. Some volunteers also opt to use plant-based bio-degradable trash bags.*
